

## INNOVATIVE ECOSYSTEM FACILITATED BY IQAC IN THE INSTITUTION FOR TEACHING-LEARNING, EVALUATION AND RESEARCH

### Students' Participation in Seminars, Webinars and Workshops

The innovative ecosystem in the college envisioned by IQAC creates a robust atmosphere for the academic growth of the students by actively promoting the participation of students in various seminars, conferences and workshops in and outside the college. The college and the faculty members support the presentation and publication of papers by students in state and national level seminars. This ecosystem broadens the understanding of their respective disciplines and instils the mindset to seriously pursue academic and research interests of the students. The PG and Research Department of English has been organizing PG Students' National Seminar on different themes in every academic year and students from inside and outside the campus actively participate in this venture through paper presentations and participation. The Department conducted PG Students' National Seminar on Discourses and Environment on 29 October 2019 and a Webinar on Twenty-First Century Literature: Trends and Techniques on 30 March 2023.

At KAHM Unity Women's College, the Department of English regularly serves 140 undergraduate majors and 45 Post-graduate majors. The 11 members of the Department of English, themselves recognized by a combination of excellence and professional drive, foster the accomplishments of our graduate and undergraduate students through their distinctive interests and student-centered, learning-focused teaching. The largest department in the College, the Department of English contributes in essential ways to students' personal growth, knowledge, and critical thinking abilities. We are committed to innovative teaching, scholarship, and service that promote cultural awareness, diversity, and ethical responsibility through the study of literature and language.
