## Certificate Course

### Department of Arabic

#### KAHM Unity Women's College, Manjeri

Time: 1 Hour

Mark:30

#### Section A: One-Word Questions

(5x1=5 Marks)

1. What insect is mentioned in the Quran for its remarkable behaviours and social structure?
2. Which geological feature is referred to in the Quran that signifies stability and firmness?
3. Name the large body of water mentioned in the Quran that holds various secrets and wonders.
4. Which animal is highlighted in the Quran for its resilience in desert environments?
5. What unique human characteristic is discussed in the Quran that is now used in forensic identification?

#### Section B: Short Answer Questions

(5x2=10 Marks)

6. Write a short paragraph explaining the significance of the honeybee in the Quran and how it relates to modern scientific understanding.
7. Describe the reference to mountains in the Quran and how this relates to the concept of tectonic activity and geological stability.
8. Explain the importance of the sea in the Quran and provide examples of scientific discoveries that validate its relevance.
9. Discuss the role of camels in the Quran, their adaptation to arid environments, and how modern research aligns with this concept.
10. Elaborate on the mention of fingerprints in the Quran and its connection to modern forensic science.

#### Paragraph Question

(5 Marks)

1. In a well-structured paragraph, discuss the wisdom behind the Quranic portrayal of the honeybee as a symbol of guidance and inspiration.

**Essay Question**

(10 Marks)

12. The Quranic references to natural elements like mountains, seas, camels, and fingerprints have intrigued scholars and scientists alike. Write an essay exploring how these references reflect profound insights into the natural world.

A handwritten signature in green ink, consisting of stylized, cursive letters.
