“Meet the Academic Expert” and “Meet the Industrial Expert” sessions are invaluable for students offering unique opportunities for growth, learning and networking. It enhances knowledge through expert insights into latest industry trends and research. It helps in skill development through learning and problem solving, critical thinking and communication.

Interacting with experts boosts self-assurance and create valuable connections for future

collaborations.

5. REPRESENTATION OF THE MARGINS AND MALAYALAM

FILMS

Research Club, PG Department of English, has organized an Invited Lecture on 25 November 2022. Hilal Ahammed C.C., Research Scholar, Department of Malayalam, Govt. Arts and Science College, Kozhikode, has delivered the lecture on **Representation of the Margins and Malayalam Films**. He started off with defining what is representation and the politics of representation in different cultural artifacts. He provided an over view of the representation of the Dalits and Muslims in Malayalam Films in different decades with a special focus on the representation of Muslims from 1990s onwards up to the present. The lecture was followed by an interaction with the students. Mr. Muhammedali P., Coordinator of Research Club, welcomed the gathering. Ms. Sangeeta K., Head in Charge, Department of English has delivered the presidential address and Jahana Sherin A.K. of Third Sem M A English extended the vote of thanks

7. EXPERIENTIAL LEARNING: VISIT TO 'EN OORU' TRIBAL VILLAGE AND EDAKKAL CAVES IN WAYANAD DISTRICT

Career Guidance Programme Report

1. Name of the programme	Experiential Learning: Visit to 'En Ooru' Tribal Village and Edakkal Caves in Wayanad District
2. Aim, Objectives, and Scope of the programme	<p>The primary objective of the trip was to provide students with a unique opportunity to engage in experiential learning outside the traditional classroom setting. The focus was on encouraging students to discover the intersection of history, literature, and cultural heritage present at the Edakkal Caves and an experience of the tribal lives and culture by visiting the 'En Ooru' village.</p> <p>Along with appreciating Culture and diversity a college trip can allow students develop social values like building friendships and social bonds, teamwork and collaboration, community engagement, exposure to social issues, empathy, compassion, respect for environment and sustainable practices, promoting inclusivity, belongingness etc. These too were aimed at while arranging the experiential learning trip to Wayanad.</p>
3. Name of the coordinator/ organizing secretary	Dr. Rajani R (Tutor, VI Sem BA English) Sangeeta K (Tutor II Sem BA English)
4. Date of programme	14 February 2023
5. Mode of the programme (offline/online)	Offline

6.Total number of attendees/participants	
7.Organizing body	Department of English
8.Organizing committee members	Ms Femi, Ms. Hidah (VI Sem BA English)Ms, Yusra, Ms, Shiril (II Sem BA English)
9.Students' involvement inorganizing the programme	Students were actively involved in the conduct of the event. They were involved in all stages of the event right from identifying the place of visit to booking the bus, planning the itinerary, identifying the feasible date, coordinating the collection of the trip amount and many miscellaneous duties connected to the visit. They cooperated so well in the smooth conductof the event. Such involvement offered a great learning experience for them.
10.Detailed report of the programme	<p>The trip commenced with an early morning departure from the college campus at 6.00 AM. The students, accompanied by faculty members, were brimming with excitement as they set off on the scenic journey to Wayanad. En route, the group stopped at a few historical landmarks, providing students with additional context and background about the region. Upon reaching Wayanad, the participants hiked towards the iconic Edakkal Caves, nestled amidst lush greenery. The caves, renowned for their prehistoric rock art and carvings, served as an ideal destination to explore various aspects of literature and history.</p> <p>The students were divided into smaller groups, each accompanied by an experienced guide. They ventured deep into the Edakkal caves, observing the ancient engravings and symbols that adorned the rocky walls. The guides offered insightful explanations about the historical significance of the cave art, fostering a deeper understanding of early human civilization and communication.</p> <p>After exploring the caves, the team moved to "En Ooru: Tribal Heritage Village" a tribal village replica</p>

PG DEPARTMENT OF CHEMISTRY

(2021-22)

8. "EXPLORING THE REALM OF CHEMICAL SCIENCES"

As a part of 30th anniversary celebrations, the PG department of Chemistry of KAHM Unity Women's College, Manjeri has conducted an International Webinar on "Exploring the Realm of Chemical Science" on 15th, 22nd January and 05th February 2022 at 2 pm through Google Meet platform. The participants include all the chemistry students, Research Scholars, faculty members of our college and faculty members of various colleges.

Day 1

2 PM Platform: Google Meet

Dr. Muhammed Basheer Ummathur (Associate Professor and Head of PG department of Chemistry) welcomed the participants. Principal Dr. C Saidalavi inaugurated the function. Jb. O. Abdul Ali (Manager of KAHM Unity Women's College), Dr. Shahina Mol A. K (IQAC Co-ordinator and Assistant Professor of English), and Mrs. Jaseena. C (Staff Secretary and Assistant Professor of History) felicitated the function.

Technical session

DAY 2

The second talk of the webinar series was conducted on 22nd January 2022. The session was chaired by Dr. Deepa K (Assistant Professor of Chemistry). The Resource person for the second lecture was Dr. Muhammed Ajmal C, Research Professor, Center for Nanotubes and Nanostructured Composites Sungkyunkwan University, South Korea. The topic of his presentation was “Multidimensional Filler Architecture for Electrically/Thermally Conductive Nanocomposites”. He described the topic very well with simple explanation which really was successful to attract the interests of the participants. The session was very much helpful for being curious about nano chemistry and understanding the current research in the area of nanotechnology. He also gave his valuable suggestions regarding the building of career in research after PG level. participants were well benefitted from his talk. An excellent interaction between

DAY 3

The third talk of the webinar series was conducted on 05th February 2022. The session was chaired by Mrs. Suhada K. M (Assistant Professor of Chemistry). The Resource person for the third lecture was Dr. Pranav K. Gangadharan, Postdoctoral Research Fellow, Tokyo Institute of Technology, Laboratory for Chemistry and Life Science Institute of Innovative Research, Yokohama, JAPAN. The topic of his presentation was “Electro catalyst Designing- Key to a Sustainable Energy Future”. The topic was so relevant in the modern period where all the energy sources are more or less scarce. The talk was dealing with efficient electro catalyst like Nitrogen doped Graphene for Hydrogen evolution and rechargeable batteries, which was really fruitful experience for the students. Students get exposed to the new area of chemistry by these sessions. We received good response from the audience and also, they gave very good feedback. The entire programme was anchored by Ms. Rahma Sinu and Laika (1st MSc Chemistry). The webinar concluded at 3.10 PM by the vote of thanks of Dr. Jamsheena V (Assistant Professor of Chemistry).

9. TRENDS IN FOOD FRAUDS AND ADULTERATIONS IN MARKET

Date: 24.02. 2022 Time: 7.30 PM Platform: Google meet

The PG department of Chemistry of KAHM Unity Women's College, Manjeri had conducted a Webinar on "Trends in Food Frauds and Adulterations in the Market" as the second session of the Community Outreach Programme of this academic year on Sunday, 24th February 2022 at 7.30 pm through googlemeet platform. Dr. Muhammed Basheer Ummathur (Associate Professor and Head of PG department of Chemistry) welcomed the participants. Principal Dr. C Saidalavi, Inaugurated the function, Dr.Shahina Mol A.K (IQAC Coordinator and Associate Professor of PG Department of English) and staff secretary Smt. Jaseena C felicitated the function. An elaborate discussion was held on poisoning of food, different food additives, poisonous substances added to fruits for early ripening etc. The adverse effect of food additives and the diseases caused by these food adulterations was also a topic of discussion. Webinar stressed on the importance of natural food and removal of junk foods.

10. 'WASTE MANAGEMENT AND ECOSYSTEM RESTORATION'

Report

Report

The PG Department of Chemistry in association with science club celebrated World Environment Day on 6th June 2021. The programme was on google meet. Dr. Jyothi P., Associate Professor, PG Department of Chemistry, KAHM Unity Women's College, Manjeri and coordinator of the programme welcomed the participants. Dr. C. Saidalavi, Principal, KAHM Unity Women's College, Manjeri inaugurated the programme. Dr. Muhammed Basheer Ummatur, Associate Professor and Head, PG Department of Chemistry, KAHM Unity Women's College, Manjeri presided over the programme. The Resource Person Ms. Premalatha S., Environmental Engineer, Kerala State Pollution Control Board, Thiruvananthapuram delivered a talk on 'Waste Management and Ecosystem Restoration'. She inaugurated the activities of science club for the year 2021-22. The Resource Person discussed the various types of waste and the sources of waste. The harmful effects of waste on ecosystem was the concern of the talk. She explained in detail about the landfilling method and about converting

organic waste into manners etc. All the programme was controlled by Ms. Shaniba K, 5th Semester B.Sc. Chemistry. Dr. Annie Nainan, Associate Professor, Department of FCS and IQAC Coordinator and Basila Sherin, Association Secretary facilitated the function. Around 150 students were participated in the programme. Based on the feedback, students opinioned that the programme was beneficial for them and it also indicates that all the outcome achieved by this programme. The programme came to an end with the vote of thanks by Mrs. Suhada K.M., Assistant Professor, PG Department of Chemistry, KAHM Unity Women's College, Manjeri and Science Club Coordinator.

11. 'EMERGING AREAS OF CHEMICAL SCIENCES'

The Department of Chemistry at KAHM Unity Women's College, Manjeri organized a seminar on "Emerging Areas of Chemical Science" co-sponsored by KSCSTE with the objective of promoting knowledge and understanding of the latest advancements in the field.

Objectives:

- To familiarize participants with emerging trends and advancements in various areas of chemical science.
- To enhance participants' understanding of the applications of chemical science in solving real-world problems.
- To provide a platform for participants to present and discuss their research projects and findings.
- To encourage collaboration, knowledge sharing, and critical thinking among participants.

The seminar was conducted over two days and featured various sessions aimed at achieving the objectives outlined above.

The Department of Chemistry, KAHM Unity Women's College, Manjeri conducted two day seminar on the topic '**Emerging Areas of chemical Science**' on 5th and 6th June 2023 co-sponsored by Kerala State Council for Science, Technology and Environment (KSCSTE) at the seminar hall. The seminar aimed to explore and discuss the latest trends and advancements in various fields of chemistry. It was cosponsored by the Kerala State Council for Science, Technology, and Environment (KSCSTE) and held at the college's seminar hall. The seminar included 5 technical sessions and also oral and poster presentations. The seminar was really helpful for the students to get awareness about various emerging fields of chemistry. Inaugural session was started at 10.00 am and ended at 10.30 am. Dr Jyothi. P, Associate Professor and Head of the Department welcomed the gathering. The presidential address was delivered by Principal Dr. Muhammed Basheer Ummathur. Dr Krishna Kumar N, Scientific Officer F, Chemistry Group, Atomic Mineral Directorate for Exploration and Research, Department of Atomic Energy, Bangalore inaugurated the seminar. Former Principal Prof. P.N Abdurahiman, Manager Jb. O Abdul Al and Ms. Anitha Beegam, HoD Department of Home Science felicitated the program. The program coordinator Mrs Suhada K M proposed the vote of thanks.

Technical Session 1: Emerging Trends in Analytical Chemistry

Dr. Krishna Kumar. N, an expert in analytical chemistry, delivered a comprehensive presentation on emerging trends in the field. The session focused on advanced techniques and methodologies used for chemical analysis, with applications in pharmaceuticals, environmental monitoring, and forensic science. **Dr. Yamuna K. M**, Assistant Professor at NSS College Manjeri, chaired the session, facilitating a productive discussion. **Dr. Deepa** proposed the vote of thanks, expressing gratitude to the speaker and attendees.

Technical Session 3: Supramolecular Materials for Biological Applications

Dr. Roymon Joseph, Assistant Professor from the Department of Chemistry, Calicut University, presented the latest developments in supramolecular materials for biological applications. The session explored the potential of supramolecular chemistry in designing functional materials for various biological contexts. Dr. Jasna VC, Assistant Professor, chaired the session, ensuring a smooth flow of discussions. Dr. Jamsheena V delivered the vote of thanks, acknowledging the speaker's valuable insights and contributions.

Technical Session 5: Green Graphene Laboratory Movement Log: Finale to Hazardous and Toxic Chemistry

Dr. Binitha, Professor from the Department of Chemistry, University of Calicut, discussed the importance of green graphene laboratory practices as an alternative to hazardous and toxic chemistry. The session highlighted the principles of green chemistry and their application in graphene research. Dr. Mehar Al Minnath, Assistant Professor, MES Mampad College, chaired the session, ensuring a productive exchange of ideas. Dr. Jasna V.C.

Paper and Poster presentations

The seminar on "Emerging Areas of Chemical Science" organized by the Department of Chemistry at KAHM Unity Women's College, Manjeri featured an opportunity for research scholars and teachers from various colleges to present their papers and posters.

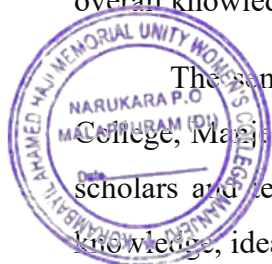

Paper Presentations:

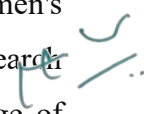

Several research scholars and teachers presented their papers and posters on various topics related to emerging areas of chemical science. These presentations aimed to share their research findings, insights, and contributions to the field. The papers covered a wide range of subjects within chemistry, including analytical chemistry, environmental science, nanotechnology, materials science, and more. Each presentation provided valuable information and fostered knowledge exchange among the participants.

In addition to paper presentations, participants also presented posters showcasing their research projects. The posters served as visual representations of their work, summarizing the key objectives, methodologies, and results of their research. The poster session created an interactive environment where participants could engage in discussions, exchange ideas, and receive feedback on their projects. It provided a platform to explore diverse areas of chemical science and encouraged collaboration among researchers and academicians.

The inclusion of research paper and poster presentations enriched the seminar by offering a platform for participants to share their research outcomes and engage in scholarly discussions. It provided an opportunity for researchers to receive feedback, suggestions, and insights from their peers and experts in the field. The presentations also showcased the wide-ranging interests and advancements in emerging areas of chemical science, contributing to the overall knowledge and growth of the scientific community.

The seminar on "Emerging Areas of Chemical Science" at KAHM Unity Women's College, Manjeri witnessed an impressive display of research papers and posters by research scholars and teachers from various colleges. The presentations facilitated the exchange of knowledge, ideas, and experiences, contributing to the advancement of chemical science. The engagement and active participation of the presenters and attendees highlighted the

significance of such platforms in fostering scientific growth and collaboration. Dr. Mehar Al Minnath, Assistant Professor, DGM MES Mampad College and Dr. Yamuna KM, Assistant Professor, NSS College, Manjeri graciously served as judges for the poster and paper presentations, lending their expertise and knowledge to evaluate the participants' work.

Evaluation and Feedback: Esteemed judges, Dr. Mehar Al Minnath and Dr. Yamuna KM, assessed the presentations, provided constructive feedback, and recognized outstanding contributions.

Each and every session was enlightening and informative. The seminar ended with the vote of thanks proposed by Dr. Jamsheena V, Assistant Proessor chemistry.

Outcome

The seminar on "Emerging Areas of Chemical Sciences" focused on several cutting-edge topics that are reshaping the landscape of chemical research and its applications. Here are the key

PRINCIPAL
Korambayil Ahamed Haji
Memorial Unity Women's
College, Manjeri

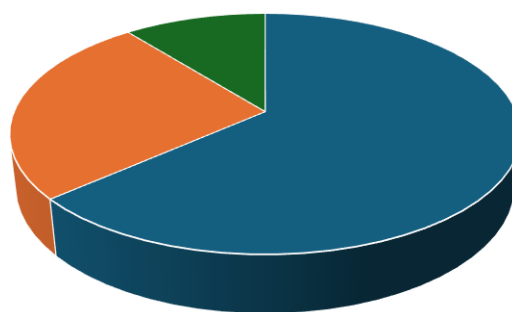

outcomes and insights from the seminar: Emphasis on developing environmentally friendly chemical processes, advances in biodegradable materials and reduction of hazardous substances and case studies on successful implementation of green chemistry in industries. The seminar highlighted the dynamic and evolving nature of chemical sciences, emphasizing the importance of innovation, sustainability, and collaboration. The discussed areas are not only pushing the boundaries of scientific knowledge but also paving the way for practical applications that can significantly benefit society. Attendees were encouraged to embrace these emerging trends and to continue contributing to the advancement of chemical sciences through research, education, and interdisciplinary collaboration.

Feedback analysis and Conclusion:

The seminar on "Emerging Areas of Chemical Science" at KAHM Unity Women's College, Manjeri successfully met its objectives of promoting knowledge, understanding, and collaboration in the field of chemical science. The sessions, paper presentations, and poster sessions facilitated learning, critical thinking, and knowledge sharing among participants. The evaluation by the judges, Dr. Mehar Al Minnath and Dr. Yamuna KM, provided valuable feedback to further enhance the participants' understanding and research capabilities. Most of the students analysed that the programme was excellent (64%), some of them analysed Good (25%) and little of them as satisfactory (11%).

12.SEMINAR ON "QUANTUM DOTS ILLUMINATED: DECODING THE CHEMISTRY NOBEL PRIZE 2023"

Aim: The seminar aimed to provide an in-depth understanding of quantum dots and their significance, highlighting the breakthrough research that led to the Nobel Prize in Chemistry 2023.

OBJECTIVE:

1. Educational Insight:

To offer a comprehensive introduction to quantum dots, focusing on their unique properties and the concept of quantum confinement.

2. Highlighting Nobel Prize Research:

To shed light on the Nobel Prize-winning work related to quantum dots, explaining its importance and applications.

3. Engagement and Interaction:

To engage students in interactive learning, encouraging questions and discussions to deepen their understanding of the topic.

4. Raising Awareness:

To inform students about the latest advancements in the field of chemistry and the practical implications of quantum dot research for humanity.

SCOPE:

• Academic Enrichment:

The seminar targeted undergraduate chemistry students, aiming to enhance their knowledge and stimulate interest in advanced topics within the field.

• Knowledge Dissemination:

Through the expert presentation by Adhil Kabeer, the seminar disseminated cutting-edge information about quantum dots and their scientific and technological impact.

• Skill Development:

www.unitywomenscollege.ac.in

The interactive nature of the seminar aimed to develop students' critical thinking and analytical skills by encouraging them to explore and question the material presented.

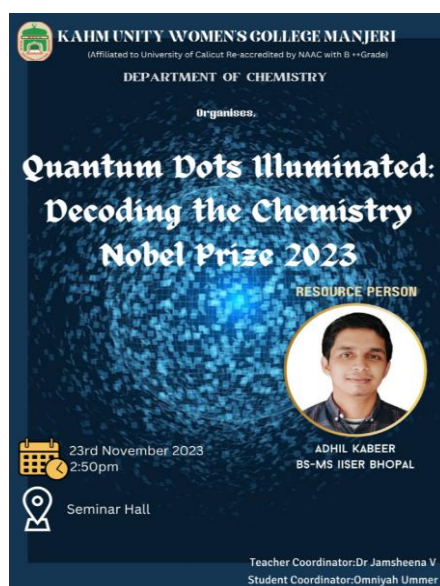

- **Broader Understanding:**

By decoding the Nobel Prize-winning research, the seminar aimed to provide students with a broader understanding of how fundamental chemistry research can lead to significant advancements benefiting mankind.

Programme Coordination:

- **Teacher Coordinator:** Dr. Jamsheena V
- **Student Coordinator:** Ms. Omniyah Ummer, 3rd Sem B.Sc. Chemistry
- **Host:** Ms. Omniyah Ummer
- **Welcome Speech:** Dr. Deepa
- **Vote of Thanks:** Irfana, 5th Sem B.Sc. Chemistry

Event Outcome: The seminar was a wonderful and interactive session that made students aware of the advancements in the field of chemistry. It highlighted the practical implications and usefulness of the Nobel Prize-winning work, thereby inspiring students to appreciate and pursue further studies in chemistry. The active participation and engagement from students indicated the seminar's success in achieving its educational and awareness objectives.

The Chemistry Department organized a seminar on "Quantum Dots Illuminated: Decoding the Chemistry Nobel prize 2023," on 23rd November 2023 at 2:50 pm in AC seminar hall. Adhil Kabeer, BSMS-IISER Bopal was the resource person. He gave a comprehensive introduction to quantum dots, which was awarded Nobel Prize in 2023 shedding light on their size-dependent properties and the profound impact of quantum confinements. It was a wonderful session which was coordinated by the teacher coordinator Dr Jamsheena V and student Coordinator Ms Omniyah Ummer of 3rd Sem BSC chemistry. Omniyah was the host of the programme and the welcome speech session was carried out by Dr Deepa the vote of thanks was delivered by Irfana of 5th sem BSC chemistry. The class was really helpful and interactive that made the students aware about the advancements in the world of chemistry and also knew how useful this Nobel prize work is for mankind.

Outcome:

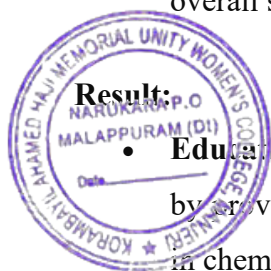

- **Enhanced Knowledge:** Students gained a comprehensive understanding of quantum dots, their size-dependent properties, and the concept of quantum confinement.
- **Increased Awareness:** The seminar successfully raised awareness about the significance of the 2023 Nobel Prize-winning research in chemistry.
- **Interactive Learning:** The session was interactive, encouraging students to ask questions and engage in discussions, which facilitated a deeper understanding of the topic.
- **Inspirational Impact:** The seminar inspired students to appreciate the advancements in chemistry and consider the potential applications and implications of such research for humanity.

Evaluation:

- **Participant Engagement:** The level of student engagement was high, as evidenced by the number of questions asked and the quality of the discussions during the seminar.
- **Feedback from Attendees:** Positive feedback was received from students, who found the seminar informative and stimulating. They appreciated the clear and comprehensive explanation provided by Adhil Kabeer.
- **Quality of Presentation:** The resource person, Adhil Kabeer, delivered a well-structured and engaging presentation that effectively conveyed complex concepts in an understandable manner.
- **Coordination and Organization:** The event was well-coordinated by Dr. Jamsheena V and Ms. Omniyah Ummer. The smooth flow of the programme, including the welcome speech by Dr. Deepa and the vote of thanks by Irfana, contributed to the overall success of the seminar.

Result:

- **Educational Advancement:** The seminar enriched the students' academic experience by providing them with current and relevant information about cutting-edge research in chemistry.

www.unitywomenscollege.ac.in

- **Positive Learning Environment:** The interactive nature of the session created a positive and stimulating learning environment, encouraging active participation from students.
- **Awareness of Research Applications:** Students left the seminar with a better understanding of how fundamental research in chemistry can lead to significant technological and scientific advancements.
- **Encouragement for Further Study:** The seminar motivated students to explore further studies and research in the field of chemistry, recognizing the real-world impact of scientific discoveries.

INTERNATIONAL SEMINAR ON

12. FRONTIERS IN CHEMICAL RESEARCH-FCR 2024

The purpose of organizing a seminar on the Frontiers of Chemical Research is to assemble researchers, experts, and students within the field. The primary goal is to facilitate the exchange of knowledge and ideas, engage in discussions about current research trends and challenges, and collectively explore future directions for the field. The seminar may specifically target emerging areas of chemical research, as previously mentioned, offering a dedicated platform for participants to disseminate their research findings and share insights. Ultimately, the overarching aim is to nurture collaboration and spark inspiration for novel research trajectories that have the potential to drive substantial advancements in the field of chemical research

Objective

The objective of organizing a seminar on the frontiers in Chemical research is to establish a comprehensive platform for researchers, students, and experts in the field. The seminar aims to:

- Facilitate the sharing of the latest research findings and insights within the realm of chemical research.
- Engage in discussions about the current trends and challenges prevalent in the field.
- Explore emerging areas of chemical research, delving into their potential applications.
- Cultivate collaboration and networking opportunities among participants.
- Identify new research directions that hold the promise of significant advancements in the field.

Provide participants with a valuable opportunity to present their research work and receive constructive feedback from both peers and experts.

www.unitywomenscollege.ac.in

In summary, the overarching objective of the seminar is to catalyze the progress of chemical research by promoting knowledge exchange, inspiring innovative ideas, and fostering collaborations that could potentially lead to breakthroughs in the field.

Scope

The seminar on frontiers in chemical research is designed to encompass a wide range of disciplines and applications within the field. It is anticipated to have a broad reach, exploring various topics such as Computational Chemistry, Quantum Mechanics, and Nanomedicines and Nanoclusters. The seminar strives to offer an inclusive platform for researchers, students, and experts to share their findings and insights. The objective is to stimulate discussions and foster collaborations that chart new paths in chemical research, holding the potential to make significant contributions to society and the environment.

1. Name of the coordinator/organizing secretary	Dr. Shamsheera K O and Dr. Thasnim P
2. Date of programme	15 th January 2024 at 9.30 am
3. Mode of the programme(offline/online)	Offline and online
4. Total number of attendees/participants	125
5. Organizing body	PG Department of Chemistry
6. Students' involvement in organizing the programme	VI sem BSC chemistry and MSC Chemistry students are the members of different committee eg. Registration, Certificate, Stage arrangement, food committee etc.

ABOUT THE DEPARTMENT

The Department of Chemistry was established in 1991 and it became a main department in 2013 with M.Sc Chemistry. It became a research department in 2023. Currently the Department of Chemistry offers B.Sc. Chemistry and M.Sc. Chemistry programmes and Complementary courses for B.Sc. Botany and B. Sc. Home Science programmes. There are eight extremely capable, well qualified faculty members engaged in teaching with a strong motivation and commitment. The Department is a dynamic hub of academic excellence and innovation. In the realm of research, our department actively engages in groundbreaking projects, contributing to the broader scientific community. We prioritize an interdisciplinary approach, encouraging students to explore diverse facets of chemistry.

ABOUT FCR-2024

The department is excited to reveal the imminent one day international seminar on Frontiers in Chemical Research (FCR-2024), set to take place on January 15, 2024. This event is dedicated to commemorating the most recent advancements and innovations in the realm of Chemistry. FCR-2024 provides an exclusive platform for scientists, researchers, academicians, and industry professionals to present their research findings and pioneering initiatives. Mark your calendars for January 15, 2024, as FCR-2024 guarantees to bring together top researchers exploring emerging trends, facilitating engaging discussions, and opportunities for collaboration.

Report

The Post Graduate Department of Chemistry at KAHM Unity Women's College, Manjeri, organized an International seminar on 'Frontiers in Chemical Research (FCR-2024)' on January 15, 2024. The objective was to encourage Chemistry students from this institution and nearby institutions to explore advanced research areas in chemistry. The seminar featured thematically arranged and invited lectures by eminent faculties from top institutions in the areas of Quantum Mechanics, Computational Chemistry, and Nanomedicines.

The welcome address was delivered by Dr. Jyothi P, Associate Professor, and Head of the PG Department of Chemistry. Prof. (Dr). Muhammed Basheer Ummathur, Principal of KAHM Unity Women's College, Manjeri, delivered the presidential address. The inauguration and keynote address were conducted by Dr. Vijisha K Rajan, Assistant Professor in Nanoscience and Technology at the University of Calicut. She spoke about the relevance of research in the current scenario, illustrating the discovery of the Covid vaccine.

The program was felicitated by Jb. O Abdul Ali, Manager, Dr. A K Shahina Mol, IQAC Coordinator, and Head of the PG Department of English, and Dr. Usman A, Staff Club representative, Assistant Professor, and Head of the Department of Botany. The vote of thanks was delivered by Dr. Shamsheera K O, Coordinator, and Assistant Professor, PG Department of Chemistry.

The first technical session, themed "Beauty of Quantum Mechanics in Real Life," was conducted by Dr. Vijisha K Rajan. She explained that the beauty of quantum mechanics lies in its ability to uncover the fundamental nature of the universe and, simultaneously, inspire groundbreaking technologies with tangible and transformative impacts on various aspects of daily life. The session was chaired by Dr. Deepa K, Assistant Professor, Department of Chemistry, Unity Women's College, Manjeri. It proved to be a fruitful session with an energetic presentation by the resource person and active participation from the attendees. Mrs. Suhada K M, Assistant Professor, Department of Chemistry, delivered the vote of thanks at the end of the session.

The second session, handled by Mr. Furhan Abdul Rezak, a Research Scholar from the University Grenoble Alpes, France, discussed "Self-assembled Gold Nanoclusters for Biophotonic

Applications." Dr. Jasna V C, Assistant Professor, Department of Chemistry, chaired the session. Mr. Furhan elaborated on self-assembled gold nanoclusters, highlighting their versatility and biocompatibility, which contribute to their potential impact on advancing biomedical research and clinical applications. Dr. Jamsheena V, Assistant Professor, Dept. of Chemistry, delivered the vote of thanks for the session.

The third session, conducted by Mr. Mohammed Siddhique P K, a Research Scholar from Charles University, Prague, Czechia, focused on "Computational Modelling of Vibrational Spectra." Mrs. Najeera P C, Assistant Professor (Adhoc), Department of Chemistry, chaired the session. Mr. Siddhique elaborated on the topic, emphasizing computational modeling of vibrational spectra as an essential tool in the study of molecular vibrations. He discussed its integration with experimental techniques, contributing to a comprehensive understanding of molecular structures, dynamics, and chemical reactivity. The session proved to be enlightening for each participant. Mrs. Febina, Assistant Professor (Adhoc), Dept. of Chemistry, delivered the vote of thanks for the session.

The final technical session involved oral presentations by Mrs. Rahma Sinu C, Mrs. Hiba Haneefa Panayan Thodika, Mrs. Hisana P, and Mrs. Shahana Thasni V. Mrs. Hiba Haneefa Panayan Thodika received the Best Presentation Award. In the valedictory session, certificates for the participants were handed over by the Head of the department. Finally, Dr. Thasnim P, Coordinator of FCR 2024, extended the vote of thanks.

14. ONE-DAY SEMINAR IN CONNECTION WITH SCIENCE DAY

Aim

The primary aim of the seminar was to provide attendees with a foundational understanding of how to design and embark on their first science project. By leveraging the expertise of Dr. Manoj Mathews, the event sought to inspire and equip budding scientists with the necessary knowledge and skills to pursue scientific inquiry and innovation confidently.

Objectives

1. **Educate on Project Design:** To educate students and attendees on the critical steps and considerations involved in designing a science project, from conceptualization to execution.
2. **Inspire Scientific Inquiry:** To inspire attendees to engage in scientific research and projects by highlighting the significance and impact of scientific inquiry in today's world.
3. **Provide Expert Guidance:** To offer practical advice and insights from an experienced academic, Dr. Manoj Mathews, on how to approach and manage scientific projects effectively.
4. **Promote Innovation:** To encourage students to think creatively and innovatively in their approach to science projects, fostering a spirit of curiosity and exploration.
5. **Foster Collaboration:** To provide a platform for students and faculty to collaborate, share ideas, and discuss potential projects, thereby building a supportive scientific community.

The scope of the seminar included:

- **Comprehensive Learning:** Providing a detailed overview of the steps involved in designing a science project, including topic selection, hypothesis formulation, experimental design, data collection, and analysis.

(Govt.- Aided and affiliated to University of Calicut)
[Nationally re-accredited by NAAC with 'B++' Grade, CGPA 2.77]
www.unitywomenscollege.ac.in

- **Interactive Sessions:** Facilitating interactive sessions where attendees could engage with the resource person, ask questions, and seek clarifications on various aspects of project design.
- **Practical Insights:** Offering practical tips and best practices from Dr. Manoj Mathews's extensive experience in scientific research and project management.
- **Inspirational Address:** Including an inspiring address by the Principal, Prof. (Dr.) Muhammed Basheer Ummathur, to emphasize the importance of scientific inquiry and innovation.
- **Networking Opportunities:** Providing opportunities for students and faculty to network, discuss ideas, and form potential collaborations for future science projects.
- **Student Involvement:** Actively involving students in the organization and coordination of the event, thereby enhancing their leadership and organizational skills.

By achieving these aims and objectives within the outlined scope, the seminar aimed to empower students with the knowledge and motivation to undertake their first science projects, fostering a culture of scientific inquiry and innovation within the academic community.

Department of Chemistry and the Science Club jointly organized a one-day seminar on 13th March 2024 at the AC Seminar Hall, commemorating Science Day. The seminar aimed to enlighten attendees on the topic "Steps towards designing your first science project". Dr. Manoj Mathews, an Associate Professor from the PG and Research Department of Chemistry at St. Joseph College, Devagiri, served as the esteemed resource person for the event. The gathering commenced with a warm welcome from Dr. Jamsheena, Coordinator of the programme. Following this, Prof. (Dr.) Muhammed Basheer Ummathur, the Principal of KAHM Unity Women's College, Manjeri, delivered an inspiring address, emphasizing the significance of scientific inquiry and innovation in today's world. Throughout the seminar, Dr. Manoj Mathews shared valuable insights and guidance on the intricacies of embarking on one's first science project. His expertise and experience offered attendees a comprehensive understanding of the essential steps and considerations involved in project design, encouraging budding scientists to pursue their scientific curiosity with confidence and purpose. The seminar concluded with Mrs. Suhada KM extending a heartfelt vote of thanks to all participants, speakers, and organizers for their contributions to making the event a success. Ms Omniyah Ummer, 4th sem BSc. Chemistry student was the student coordinator.

Feedback analysis

High level of engagement and interest in all sessions. Most of the students analysed that the programme was excellent (85 %) and some of them as very good (11 %) and good (4%).

Conclusion

The one-day seminar on "Steps towards Designing Your First Science Project" was successful in achieving its objectives. The participants left with a clear understanding of how to approach their first science project, equipped with the knowledge and tools to begin their journey in scientific research and innovation

सांध्य एक्टिव सन्देश

एमजीएसयू में आधुनिक इतिहास और महिला आधारित ऑनलाइन अंतरराष्ट्रीय संगोष्ठी आयोजित

श्रीगंगानगर। एमजीएसयू के सेंटर फॉर विमेंस स्टडीज और कालीकट विश्वविद्यालय, केरल के युनिटी वूमंस कॉलेज के इतिहास विभाग द्वारा संयुक्त तत्वावधान में आयोजित ऑनलाइन अंतरराष्ट्रीय संगोष्ठी में बोल्ते हुए बीज बका प्रो. तेज कुमार माथुर ने कहा कि भारत की संस्कृति महिलाओं के मामले में बहुत सारे फलक प्रस्तुत करती है। वैदिक काल में किसी प्रकार का भेदभाव नहीं था, किंतु आधुनिक भारत तक आते-आते कई कुरीतियां भारत में पसर गईं, जिनका निवारण समाज सुधारकों द्वारा किया गया। इनमें महर्षि दयानंद सरस्वती का नाम प्रमुख था।

लेखिका हरमोत कौर भल्ला ने इतिहास में महिलाओं के स्थान को प्रतिपादित करते हुए अपनी बात मंच से कही। लंदन से स्वीकृत संस्थाओं को राजदूत ज्योतिर्मया टाकर ने सदियों से महिलाओं को हार्शिप पर पटक जाने की प्रक्रिया के चरणों को शामिल करते हुए अपना संबोधन दिया और कहा कि पुरुष और महिला दोनों को लैंगिक समानता पर काम करना होगा तभी भारत में महिलाओं का सम्मान अधिक सुरक्षित हो सकेगा।

आयोजन का संचालन करते हुए सेंटर फॉर विमेंस स्टडीज के डायरेक्टर अंतरराष्ट्रीय वेबीनार की आयोजन सचिव डॉ. मेघना शर्मा ने इतिहासिक परिपेक्ष्य में महिलाओं के साथ हुए भेदभाव का जिक्र करते हुए वेबीनार के विषय का शान्दिक चित्रण प्रस्तुत किया।

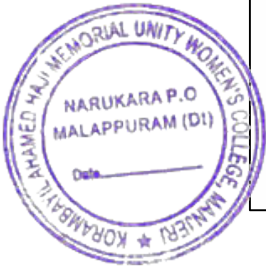

रोहतक विश्वविद्यालय के प्रो. भूप सिंह गौड़ आधुनिक इतिहास में अनन्ता बाई जोशी, पंडिता रमाबाई और सावित्रीबाई फुले के महिला उत्थान विषयक सुधारों पर प्रकाश डाला।

मुख्य अतिथि, जम्मू से प्रो. विश्वरक्षा ने कहा कि समाज की प्रवृत्ति है कि वह सारे सवाल महिला से ही करता आया है पुरुष से नहीं। उन्होंने कश्मीर में भ्रूण हत्या जैसी समस्याओं को मंच से पुरजोर रूप से उठाया।

वेबीनार की अध्यक्षता करते हुए कुलपति प्रो. विनोद कुमार सिंह ने कहा कि महिला और पुरुष एक दूसरे के पूरक हैं और रहेंगे। एक पक्ष का कमजोर होना समाज को असंतुलित कर देता है और यहीं से दमित पक्ष में असुरक्षा की भावना जन्म लेने लगती है, जिसे सुधारा जाना परम आवश्यक है।

धन्यवाद ज्ञापन युनिटी वूमंस कॉलेज केरल के इतिहास विभाग के अध्यक्ष व सेमिनार के संयोजक शबीरमोन. एम. द्वारा दिया गया।

18. VISIT TO AGRI INCUBATION CENTER, THRISSUR

The PG students of the Department of Home Science visited the Agri-business Incubator (ABI), a pioneering incubation center of Kerala Agricultural University, Vellanikkara, Thrissur,. It was launched in 2012, encompassing an Agri-market-oriented development plan that seeks to improve farmers' livelihoods through agri-business incubation. The students gained various information on the field of Food processing machines, mainly fruits and vegetables, spices, coconut and rice and learned about how to check the post-harvest losses of the state. The Senior Research Fellow, Mrs. Shahanas. E.K, also an Alumna of the Home Science department (1996-1999 batch) explained the working principle of the machines.

19. VISIT TO DFRL

Aim:

The aim of this industrial visit is to understand the research and development activities of the laboratory in the field of food technology, particularly with respect to the defence sector.

Objectives

- To bridge the gap between theory and practice and enhance their learning experience.
- To give students an opportunity to observe and learn about technologies and processes used in the industry.
- To gain insights into the quality control and safety measures employed by the laboratory

Detailed Report of The Visit

PG Department of Home Science conducted an industrial visit to DFRL as part of experiential learning on 01 March 2023. 22 students from MSc Home Science (Nutrition and Dietetics) along with 2 staff members have visited Defence Food Research Laboratory, Mysore, Karnataka. Defence Food Research Laboratory (DFRL), an Indian Defence Laboratory of the Defense Research & Development Organization (DRDO) located in Mysore, Karnataka. Our students are given a brief insight about the research and development of technologies and products in the area of food science and technology to cater the varied food challenges for the Indian Armed Force

20. INDUSTRIAL VISIT TO PUBLIC HEALTH FOUNDATION OF INDIA(PHFI)

PG Dept. of Home Science conducted an industrial visit to Public Health Foundation of India (PHFI), Delhi as part of their compulsory study tour on 3 February 2023. Public Health Foundation of India is an autonomously governed, educational and research institution which is actively engaged in strengthening health systems and improving public health services across India. The organization has emerged as a productive research engine and plays a strong role in policy development, health communication and advocacy. Research at PHFI covers all theme areas of public health research, namely epidemiology, determinants of health, and health system and policy, as well as major causes of disease burden in India. 36 students of sixth semester BSc Family and Community Science and 3 teachers from the department of home science have visited PHFI. One faculty from PHFI gave a brief account about the activities and research conducted by PHFI.

21. FIELD TRIP TO IISR, KOZHIKODE AND KERALA
VALLIKUNNU COMMUNITY RESERVE, BALATHIRUTHI

1.Name of the programme	Field trip to IISR, Kozhikode and Kerala Vallikkunnu Community Reserve, Balathiruthi
2.Aim, Objectives, and Scope of the programme	The visit had multiple objectives, including enhancing understanding of plant pathology, molecular biology, and plant biotechnology, promoting knowledge of spice cultivation, fostering ecological sensitivity, and providing hands-on experience and field learning opportunities for students. It aimed to broaden their horizons in both scientific and ecological contexts.
3.Name of the coordinator/organizing secretary	Dr. Faseela P (Assistant Professor), Ms. Shifa (Assistant Professor Adhoc)
4.Date of programme	21 st August 2023
5.Mode of the programme(offline/online)	Offline
6.Total number of attendees/participants	28
7.Organizing body	PG Department of Botany
8.Organizing committee members	Dr. Usman A, HOD, Department of Botany
9.Students' involvement in organizing the programme	Ms. Fayiza (3rd sem MSc Botany) was the student coordinator.
10.Detailed report of the programme	Postgraduate students from Department of Botany, KAHM Unity Women's College, Manjeri, visited Indian Institute of Spices Research (ICAR - IISR), Kozhikode on 21/08/2023 FN. The aim of the visit was to enhance their understanding of plant pathology, molecular biology, plant biotechnology, and spice cultivation, with a particular focus on black pepper varieties. The students were exposed to cutting-edge research techniques such as DNA

	<p>sequencing, genetic modification, PCR and Gel Doc techniques. The group visited the plant nursery and observed various stages of plant propagation and growth of pepper, nutmeg, vanilla, etc.</p> <p>In the afternoon session they visited Kerala Vallikkunnu Community Reserve, Balathiruthi to observe ecologically sensitive mangroves and associated vegetation. Notable mangrove species like <i>Avicennia officinalis</i>, <i>Avicennia marina</i> and <i>Bruguiera cylindrica</i> were among those identified during their visit. These different species play crucial roles in the coastal ecosystem by providing habitats for various marine life, protecting shorelines from erosion, and contributing to overall environmental health. The field trip was coordinated by Dr. Faseela P (Assistant Professor), Ms. Shifa (Assistant Professor Adhoc) and Ms. Fayiza (3rd sem MSc Botany).</p>
11.Feedback of the programme	Attached
12.Feedback analysis	All of the participants rated as very good.
13.Outcome, Evaluation, and results of the programme	The outcomes of the visit were numerous and positive, including enhanced knowledge in various scientific fields, practical experience in spice cultivation, ecological sensitivity, and inspiration for future careers. The trip successfully met its objectives and broadened the students' horizons in scientific and ecological contexts.

<p>10. Detailed report of the programme</p>	<p>The lower plant groups, bryophytes and pteridophytes, play a significant role in ecosystem balance by maintaining the primary productivity and mineral recycling. These are seedless spores producing non-vascular and vascular photosynthetic plants respectively and usually growing in moist habitats with well distinct gametophytic or sporophytic stages. For keen observation and study on spore producing lower plants, PG Department of Botany organized a collection trip to Wayanad (Ooty of Kerala) on 18th October 2023 for First Semester M.Sc. Botany students. As part of the trip, the students explored the plant diversity of Gurukulam Botanical Sanctuary which fosters myriad rainforest plants including buttressed trees, epiphytes, bryophytes, pteridophytes, lianas, flowering plants, tubers, grasses etc.. On the way to Sanctuary and Pookode lake, the students collected different pteridophytes (Angiopteris sp., Cyathea sp., Blechnum sp. etc.) and bryophytes (Asterella sp., Pallavicinia sp., Pogonatum sp. etc.) for further botanical studies and herbarium preparation.</p> <p>The experiential trip bridged the gap between theoretical knowledge and practical application, and fostered the research attitude in students; moreover, it played as a better strategy to conserve the germplasm of lower plants in the campus for future studies. the trip was coordinated by Sudheesha K. (Assistant Professor Adhoc, PG Department of Botany), Dr. Deepa P. (Assistant Professor Adhoc, PG Department of Botany) and Sreya T.P. (First Semester M.Sc. Botany).</p>
<p>11.Feedback of the programme</p>	<p style="text-align: center;"> ■ Good ■ Very Good ■ Excellent </p>

9.Students' involvement in organizing the programme

Field visit to Central Coffee Research Institute:
Department of Botany, KAHM Unity Women's College, Manjeri, organized a field visit to the Central Coffee Research Institute (CCRI), Chikmangalur on February 5, 2024. The initiative, led by Dr. Usman A., HOD, Department of Botany and Dilna PP (6th Sem BSc Botany), saw the active participation of 45 BSc Final year students. The visit encompassed a comprehensive exploration of various facets within CCRI.

The students first delved into the intricacies of molecular biology lab, gaining hands-on experience with instruments like PCR. This exposure provided them with a practical understanding of molecular techniques employed in plant research. Subsequently, the group proceeded to the Plant Pathology lab, where they encountered an array of pest trapping devices and studied different pathogens affecting plants. This segment heightened their awareness of plant diseases and strategies for their mitigation.

The exploration continued with a visit to the coffee fields, offering students a firsthand look at diverse varieties of coffee plants. This practical encounter in the field allowed them to connect theoretical knowledge with real-world applications. The visit to CCRI not only expanded the student's understanding of plant biology but also underscored the interdisciplinary nature of botanical research.

10. Detailed report of the programme

DAY 1: CHIKMANGALUR (05/02/2024)

On 4th February, they started their journey at 12:30pm from our college campus (KAHM UNITY WOMEN'S COLLEGE, MANJERI) to Kozhikode Railway Station by college bus. their train was scheduled at 2:45pm. Our tour coordinator Mr. Anwar accompanied us there and a group of 48 members including 45 students and 3 faculty members boarded MS MAQ Express from Kozhikode to Mangalore Central. Even though the journey was about 4 hours, it is offered breathtaking views of the lush greenery and coastal landscapes of Kerala and Karnataka that made a memorable and enjoyable journey for all of the students. They arrived at Mangalore railway station at night 7:15. Our journey continued by bus from there to Chikmangalur and reached there at midnight.

Next day (5th February), after breakfast they directed to the major destination, CCRI, Karnataka and reached there at 10:30am. CCRI is a research Institution in Karnataka, where research works on Coffee are progressing which presents one of the premier institutes in South East Asia. It is engaged in intensive and advanced Coffee research in discipline of Plant breeding and Genetics, Coffee agronomy, Soil science and Plant Pathology. Then visited the Plant Breeding area, Biotechnology or Molecular biology labs, and Plant Pathology section etc. of the institute. An informative class by S. Soundararajan, Assistant Plant Pathologist gave a general outline about CCRI. Mrs. Divya K Das, Research Assistant was taken us to Plant Breeding section and Mrs. Tintumol, Entomologist, introduced us on the division of Entomology. They have released new varieties of research coffee plants and they took us to their research area where both Arabica and Robusta varieties were planted.

They left at 1.00 pm from there and went to the hotel for food. After the lunch, went for jeep trucking to Z point, Chikmangalur that was an opportunity to show the biodiversity. The 3 km long challenging truck to the Z point started from Kemmangundi Raj for both Hindus and Muslims. Baba Budangini remains as a hotspot amongst the hand core adventure freaks, travellers and nature enthusiasts. Our journey then proceeded to the Mullayangiri hills. The calming ambience of the hill added more beauty to that place along with the mesmerizing view. The lush green fields, mugged mocks and the cold weather were its first experience. From the top of the hill, we enjoyed the extra ordinary

greenery view and beautiful sun set which is around 6300.17 Ft high from sea level. Then we returned from there by ending our first day with special memories top after crossing Hannamala waterfall; there, we saw Bambusa vulgaris and Asparagus racemosus. Next destination was Baba Budangiri by jeep trucking. There we visited Dattatreya temple (Incarnation of Lord Shiva) and Darg of Saint Baba Badan which is a pilgrimage center for both Hindus and Muslims. Baba Budangini remains as a hotspot amongst the hand core adventure freaks, travelers and nature enthusiasts. Our journey then proceeded to the Mullayangiri hills. Then returned from there by ending our first day with special memories.

DAY 2: DANDELI (06/02/2024)

After the dinner at Chikmagalur, they proceeded our overnight journey to Dandeli. They arrived at Tusker trails resort, Dandeli at 8:30am. They had delicious breakfast there and immersed in camp activities such as swimming, hunting etc. Then they were freshed up for forest trekking nearby resort. they had an opportunity to witness the gross giant trees and plant varieties like Bishop wood, Tiger cedar etc. in the forest

www.unitywomenscollege.ac.in

After the lunch at 1:30 pm from resort, went to major water activity spot in Kali river in Dandeli. They engaged in water activities like kayaking, zorbing, river rafting and boating there. Dense Mangrove plantations found the river side were most attractable. Mangrove forest can be recognized by their dense tangle of prop roots which makes the trees appear to be standing stilts above. At 5pm, we returned to Tuskertrails resort and had evening black tea and snacks. Later they enjoyed fun time in rain dance with DJ music. About one hour there.

DAY 3: GOA (07/02/2024)

By 5:30am, vacated the room from Tusker Trail Resort, Dandeli and started our journey to Goa. On the way, had good sceneries of many cultivation fields, especially maize and sugarcane. After a long journey, reached Goa at 10:00am. Our tour coordinator, Noushad directed us to have breakfast. Goa is a state in Western India with coastlines stretching along the Arabian Sea. It is known for its beaches, cultures and food. First, visited the famous Old Goa Church, Basilica of Bom Jesus, which is one of the seven wonders of Portuguese origin in the world. Inside the church, the sacred body of St. Francis Xavier is well preserved without any chemical formulas. Then They reached French Colony in Panjim Panaji. Every construction in that street reflected the French architecture and culture. There we relaxed in a nearest park. After that they had an authentic Kerala lunch from a Kerala restaurant and visited Royale Assago Resort at Goa. After freshing up, next aim was to visit Agouda Fort, which is a well-preserved Portuguese fort along with a lighthouse, standing in Goa, on Sinquerin beach overlooking the Arabian Sea. After, proceeded to Calangute Beach, North Goa and got into Goa's party mode and purchased things up to 8:30pm. They head back to the same Kerala restaurant to have dinner. Their last destination on that day was Baga Beach, which known for its watersports, nightlife, Bars and nightclub. The roar of the waves at night gave us immense happiness and went back to the resort after that beautiful night.

	<p>DAY 4: MALVAN ISLAND, MAHARASHTRA (08/02/2024)</p> <p>On 8th February 2024, started our journey from Goa to Malvan Island, Maharashtra at 8:30 am after fresh up and breakfast. Throughout the journey they observed the biodiversity of Maharashtra. The amazing beauty of the place attracted everybody. They saw dry lands and flowering mango trees there and reached at Malvan Island after 2 hours and 30 minutes journey.</p> <p>Then prepared for scuba diving and saw the diversity of the sea bed through scuba diving. It included marine organisms, phytoplanktons, different types of algae, jelly fishes, eupagarus etc. There had a lot of sargassum in the sea shore and collected the same from there. Along with that after doing the water activities there, went for lunch at 5:00 pm. There tasted the traditional food of Maharashtra and left to Goa at 6:00 pm to take dinner. As the conclusion of trip, returned to Mangalore Central Railway Station and reached there at 6:40 am. At 7.20 am on 9th February 2024, started the returning journey in Ernad Express with a lot of funny experiences. At 11.30am, they had arrived at Railway Station of Calicut. By our college bus, all the students were safely arrived in the college at 2.45 pm and picked up by their parents from there.</p>

<p>13.Outcome, Evaluation, and results of the programme</p>	<p>Botanical fieldwork creates the opportunity for a dynamic and immersive approach to learning, and it plays a pivotal role in shaping the scientific minds of students in colleges. It involves venturing into the great outdoors to observe, study and analyse living organisms within their natural habitats. As students engage in natural field experiences, they gain a deeper understanding of ecological principles and scientific attitudes, making biology truly come alive beyond the classroom. The fieldwork component has been recognized as a vital aspect of science education, emphasizing the practical application of theoretical concepts. It prepares students for higher education and future careers by nurturing skills such as critical thinking, problem-solving, data collection and analysis.</p>

25. WORKSHOP ON FUTURE FOCUS - A CAREER WORKSHOP FOR ADVANCED LEARNERS OF MATHEMATICS MAJORS

Programme Report

1.Name of the programme	Future Focus - A Career Workshop for Advanced Learners of Mathematics Majors
2.Aim, Objectives, and Scope of the programme	<p>Aim: The primary aim of the "Future Focus" career workshop was to provide advanced learners in mathematics with a comprehensive understanding of the interdisciplinary applications and career opportunities within the field. The workshop aimed to inspire and inform students about the diverse paths available to them for higher education and professional development.</p> <p>Objectives:</p> <ul style="list-style-type: none">• To highlight the role of mathematics as a critical tool for future innovations and interdisciplinary applications.• To provide insights into various career opportunities and higher education pathways in mathematics.• To facilitate interaction between students and experts in the field, promoting informed decision-making about career paths.• To enhance the overall learning experience by integrating academic knowledge with real-world applications and career planning. <p>Scope</p> <ul style="list-style-type: none">• Exposure to current trends and future prospects in the field of mathematics.• Information on interdisciplinary applications of mathematics in various industries.• Guidance on pursuing higher studies and research opportunities.

	<p>Aarathi Nambiar from Mathlab Cochin conducted the second session, focusing on: Diverse career paths available for mathematics graduates, including academia, industry, and research. Guidance on higher education options, including master's and doctoral programs. Skills and qualifications required for various career opportunities. Real-world examples of successful career trajectories in mathematics. Interactive Sessions: The workshop included interactive sessions where students engaged in discussions with the speakers, asking questions and exploring topics of interest in greater detail.</p> <p>Key Figures: Dr. Shahina Mol A.K, the IQAC coordinator, and Dr. Bajeel PN provided additional insights and emphasized the value of such initiatives in enhancing the academic and professional development of students.</p> <p>Collaboration: The event was a collaborative effort between the Mathematics Department and IQAC, ensuring a holistic approach to the workshop's organization and execution.</p>
11.Feedback of the programme	<ul style="list-style-type: none">• 90% of participants rated the workshop as highly relevant and informative.• Students appreciated the detailed explanation of the interdisciplinary applications of mathematics.• The comprehensive overview of career paths and higher education opportunities was well-received.
12.Feedback analysis	<ul style="list-style-type: none">• The workshop content was highly relevant to the participants' academic and career interests.• The sessions provided valuable insights into the future applications of mathematics and career opportunities.

The association program of the Department of Mathematics on November 16, 2023, featured a talk by MK Vineetha, Assistant Professor of English, focussing on the theme "Learning and Beyond." Ms. Vineetha commenced her presentation by emphasizing the transformative nature of learning, highlighting its significance not only in academic settings but also in personal and professional growth. She under-scored the idea that education extends beyond textbooks, encompassing critical thinking, adaptability, and lifelong learning. The event was led by Association Secretary Najiya Thasneem, along with Sajana and Dhilsha, both from the 3rd BSc Mathematics

Program Report -Navigating Success: Computer Science NET orientation
Program
2023-2024

1.Name of the programme	Navigating Success: Computer Science NET orientation Program
2.Aim, Objectives, and Scope of the programme	The Computer Science NET orientation program for MSc Computer Science students aims to prepare them for the National Eligibility Test (NET). Its objectives include comprehensive content coverage, exam strategy, practice tests, current affairs updates, research and teaching skills development, and access to study materials. The program's scope covers the NET syllabus, practical problem solving, interactive learning, mock tests, research and teaching workshops, and keeping students updated on the latest trends. Ultimately, it aims to equip students with the knowledge and skills required to succeed in the NET exam and in future academic and research roles.
3.Name of the coordinator/organizing secretary	Mrs. Jashira P

	ensuring that the participants have a positive and productive experience. Their support in various aspects of planning, organization, and participant engagement is essential for the overall success of the event. And the student coordinator delivered the vote of thanks for the program.
10. Detailed report of the programme	
11. Feedback of the programme	Feed back of the program was collected via Google form and attached here with
12. Feedback analysis	Most of the students responded positively to the program. Majority of the students rated session as 'Excellent' or 'Very good'.
13. Outcome, Evaluation, and results of the programme	The outcomes of the Computer Science NET orientation program for MSc Computer Science students include improved knowledge, effective exam strategies, enhanced problem-solving skills, increased confidence, better performance, development of research and teaching skills, and current affairs knowledge. It also prepares students for careers in academia and research and fosters potential networking opportunities. These outcomes collectively enhance their readiness for the NET exam and future careers in computer science.

PG department of Computer science organized a Session on "Navigating Success: Computer Science NET orientation Program" on 25/10/2023 for MSc Computer Science students. Mr. Afsal CP (UGC JRF, Research Scholar, Pondicherry University) was the resource person. The program was coordinated by Mrs. Jashira P (Asst. Professor (Ad hoc), PG department of Computer science).

The program aimed to prepare MSc Computer Science students for the upcoming UGC NET examination by providing guidance on the syllabus, exam pattern, effective study strategies, and time management techniques. Guest speaker also shared his insights, enhancing participants' understanding of the subject matter. Feedback from the participants indicated a substantial increase in knowledge and confidence in their exam preparation. The program was overall success in equipping students for the UGC NET examination highlights its value as an essential preparatory resource for MSc Computer Science candidates. The program was ended with the vote of thanks by Mrs. Hiba TH (Student coordinator).

The screenshot shows a Google Meet interface during a webinar. The main content is a slide titled "WATCHING POLARITONS ON THE FLY". The slide includes a diagram of "Pump-probe ultrafast microscopy" showing a "Wide probe (500 Hz)" and a "Focused Pump (100 fs, 250 Hz)" interacting with a sample, and an "Imaging System". To the right is a series of five heatmaps showing the evolution of a polariton wave packet over time (0.0 ps to 1.0 ps) in a 2D spatial domain (X and Y in micrometers). A red text box on the slide states: "Enhanced transport 70 microns ($\times 10^4$) at two third the speed of light". The bottom of the screen shows the meeting controls, a system tray with the time 8:25 PM on 9/2/2022, and a list of participants including Balasubrahmaniy..., Jyothi P, Muhammed Abd..., Omniyah Ummer, MUZAINA, Irfana Nk, f. Jesni, and 39 others.

20. Dr. V. Hikmathulla ,HoD, Department of Malayalam - Invited talk in film appreciation programme and cultural eve film ennu swantham sreedharan at kalikavu on 18 Feb 2023

സുബൈദയുടെ ജീവിതം സ്ക്രീനിൽ; കൺനിറയെ കൺ നാട്

കാളികാവ്: മാനവികതയുടെ വഴിയിലൂടെയായി ജ്വലിച്ച കാളികാവി ലെ തെന്നാടൻ സുബൈദയുടെ ജീവിതം ആസ്പദമാക്കി സിദ്ദീഖ് പറമ്പൂർ സംവിധാനം ചെയ്ത 'എന്ന് സ്വന്തം ശ്രീധരൻ'സിനിമയുടെ പ്രദർശനം കാളികാവ് ബി.ബി ഓഡിറ്റോറിയത്തിൽ നടന്നു. വിദ്യാഭ്യാസ മന്ത്രിയായ ദലിത് സ്ത്രീ ചക്രിയുടെ മരണത്തോടെ അവരുടെ മൂന്ന് മക്കളെ തന്റെ മൂന്ന് മക്കളോടൊപ്പം വളർത്തി വലുതാക്കിയ തെന്നാടൻ സുബൈദയുടെ കഥയാണ് വെള്ളിത്തിരയിലെത്തിയത്.

2019 ജൂൺ 17ന് സുബൈദ മരിച്ചപ്പോൾ വളർത്തുമകൻ ശ്രീധരൻ വിദേശത്തുനിന്ന് ഉമ്മയെ കുറിച്ച് എഴുതിയ സമൂഹമാധ്യമ കുറിപ്പ് വൈറലായിരുന്നു. ഇതോടെയാണ് 'എന്ന് സ്വന്തം ശ്രീധരൻ'സിനിമ പിറവിയെടുത്തത്. പ്രദർശനത്തിനുശേഷം നടന്ന ചടങ്ങിൽ സിനിമയിൽ സുബൈദയുടെ മാതാവായി അഭിനയിച്ച നടി നിലമ്പൂർ ആയിഷ, സംവിധായകൻ സിദ്ദീഖ് പറമ്പൂർ എന്നിവരെ എ.പി. അനിൽകുമാർ എം.എൽ.എ ആദരിച്ചു. എ.പി. അഹമ്മദ് അധ്യക്ഷത വഹിച്ചു. കഥാകൃത്ത് ശിഹാബുദ്ദീൻ പൊയ്തോക്കടവ്, ഡോ. ഹരികൃഷ്ണൻ, കുഞ്ഞിമുഹമ്മദ് അഞ്ചുച്ചവിടി, പഞ്ചായത്ത് അംഗം രമാരാജൻ, എൻ. നൗഷാദ്, ജോജി കെ. അലക്സ്, എസ്.കെ. ശശികുമാർ, അഷറഫ് ദോസ്റ്റ്, പി.ടി. ഹക്കീം എന്നിവർ സംസാരിച്ചു.

'എന്ന് സ്വന്തം ശ്രീധരൻ'സിനിമ പ്രദർശനത്തിനിടെ നടി നിലമ്പൂർ ആയിഷയെ എ.പി. അനിൽകുമാർ എം.എൽ.എ ആദരിക്കുന്നു
