- **Executive members: Basila OPK., Mufeedha, Sithara- Dept. pf Botany**

ACTIVITY 1: “CULTIVATING KNOWLEDGE: AGRI-HORTICULTURE CLUB’S POLYHOUSE VENTURE”.

- On November 21, 2023, the Agri-Horticulture Club of Unity Women’s College, under the guidance of Ms. Shifa and Ms. Nahla, organised a successful farming activity at the college’s polyhouse. Seedlings were sourced from Daliya Nursery and Garden, Anakkayam, and club members planted a variety of vegetables, including tomato, capsicum, okra, and cowpea, using meticulous cultivation techniques. The project resulted in a bountiful harvest of fresh, organic vegetables and provide valuable learning opportunities in sustainable agricultural practices and environmental stewardship.

ACTIVITY 2- BRANCHING OUT: HANDS ON HORTICULTURAL TRAINING AT KAHM UNITY WOMEN'S COLLEGE, MANJERI.

- On March 26, 2024, the Agro-Horticultural Club at KAHM Unity Women's College hosted a hands-on training program in horticultural techniques, led by Dr. Deepa P., Assistant Professor in the Botany Department. Dr. Deepa demonstrated budding and grafting techniques, with the support of club coordinators Ms. Shifa M., Ms. Nahla Zakariya, and student coordinators Afeefa Finu and Rifa Sherin. The session was both informative and engaging, exemplifying the club's dedication to hands-on learning and fostering a passion for horticulture among students.

ACTION PLAN 2024-25

- An Agri-Horticulture Club should set clear objectives such as educating members on sustainable practices, engaging the community, and providing hands-on gardening experience.
- Structure the club with a leadership team, committees, and regular meetings for planning and education.
- Plan activities like workshops, field trips, and maintaining a community garden, while managing funds through events and sponsorships.
- Ensure sustainability by tracking progress, seeking feedback, and setting long-term goals for growth and continuity.
- Use social media to promote events, share gardening tips, and engage with the community.
