Long-term Impact: The program may strive to create a lasting impact by establishing ongoing partnerships between musicians, artists, and charitable organizations. It aims to build sustainable relationships that extend beyond individual events, ensuring continued support for the causes and communities involved.

Detailed Report of the Programme

Music Club conducted a music event in association with NSS unit at debate corner at 1:15 PM on 14/10/2022. Mrs. Pyari Bahan was our guest. She is a former stage singer. She is in her old age and has some old age health difficulties. This programme was arranged to collect fund as financial help for Pyari Bahan. She amused students and teachers by her singing. She sang for 30 minutes. She is a talented singer and a wonderful person. Dr. Hikmathulla V, NSS programme officer, Dr. Vineetha, assistant professor of English, sang song. Students from the audience also sang song. The programme was really wonderful. We are glad to conduct this programme and introduce this wonderful artist to our students who was unnoticed by our society. Overall, the program on music for charity seeks to harness the universal language of music to make a positive difference in the world, leveraging its appeal to bring people together, raise funds, and create awareness for important social and humanitarian causes.
