## FOUNDER PRESIDENT & MANAGER

**Jb. Korambayil Ahamed Haji**  
**(1930–2003)**

Korambayil Ahamed Haji, former Secretary of Kerala State Muslim League and the founder of Unity Women's College was known as a 'gentle man politician'. He was not only a politician, but also a lover of art, games, sports, football in particular, and literature, who represented Mankada and Kuttippuram constituencies in Kerala Assembly. A deputy speaker once, he was later elected to Rajya Sabha. As a recognition of his services to the Mappila art & literature, he was awarded 'Kalaprathiba Rathnam'. It was during his tenure as chairman that the dream of Mahakavi Moyinkutty Vaidyar Smarakam materialized. Having a long association with Hidayathul Muslimeen Sabha Manjeri as general secretary, he was the president of Manjeri Central Mahallu. He was the secretary of Mampad College which was later handed over to MES. In 1991, his dream of founding an Arts & Science college for women in Manjeri was fulfilled when Unity Women's College was inaugurated by Syed Mohammed Ali Shihab Thangal at a function chaired by Dr. T. K. Raveendran, the then Vice-chancellor of Calicut University. He was the president of Muslim Educational and Cultural Association as well as the Manager of Unity Women's College. In recognition of his invaluable contributions to the college, the institution was later renamed in his honor. A memorial speech is held in each year on 18<sup>th</sup> December and celebrated as Foundation Day.

# PROGRAMMES OF STUDY

## CHOICE BASED CREDIT SEMESTER SYSTEM (CBCSS)

The CBCSS system is a University Grants Commission initiative that enhances and promotes educational liberalization of traditional higher education models. As an internationally recognized system, CBCSS provides opportunities and avenues for learning core subjects while also exploring additional avenues of learning beyond core subjects for an individual's holistic development. It provides a learning platform in which the student or knowledge seeker can select a course from a list of elective, core, and soft skill courses. CBCSS allows students to study at different times and at different institutions to complete a single course. Under this system, Credits earned at one institution can be transferred. At University of Calicut, the system was first implemented in the 2009-10 academic year, and the Board of Studies revised the CBCSS UG Regulation in 2019 to make it applicable to all Regular and SDE UG programmes. The system will be monitored in colleges affiliated with the University of Calicut by a College Level Monitoring Committee led by the Principal.

## **PARENT TEACHER ASSOCIATION (PTA)**

The Parent Teacher Association (PTA) of the college has installed a 45kW on-grid solar power plant on the campus. This solar power plant consists of solar panels that convert sunlight into electricity. The panels are strategically positioned to maximize sunlight exposure and convert the generated electricity into a form compatible with the college's electrical system. The on-grid system allows the college to sell excess electricity back to KSEB and draw electricity from the grid when needed. The 45kW capacity indicates the peak power output of the solar power plant. The PTA's initiative promotes renewable energy and contributes to a greener and more sustainable environment for the college.
